[From the Wisconsin Free Democrat.] Morthern Doughface.

Rev. Henry Q. Graham, now of New Florence, Pa., but formerly of this city, has sent us the following article from the Westmoreland Republican of that place, edited by one of the race of northern serviles and asks us to answer it:

WHITE GIBLS KNOCKED OFF IN therefore formed (it requires a society to do anything now-a-days,) by a gentleman of cheap and diffusive benevolence, who undertook to facilitate a party of these indigent females, and the Independent of that town thus narrates what disposition was made of those white women :---

"'A charge of ten dollars was made for each person, the money to the young women. The Free Church by his participation in the lynching occupying the seats in rows, some of along the range with perfect coolness, examining their condition one by one, and as they found one suitable, they planked the cash and carried off the

Just think of it! The 'cus'omers then walked along the range with perfect coolness, examining their condition one by one !' Doubtless they were curious to know if they had every bill exempts all actual settlers from er been ill—what disease—and were all process of law for the recovery of This office will be open regularly through perhaps inquisitive about their age .-The Janesville Independent does not inform us what kind of 'customers' these girls found, but it is probable that the brothels of the towns did not neglect so fair an opportunity .-What a glorious traffic! The 'philanthropy' of New York groaning over the traffic in negroes, and by way of solace, transporting the innocence and youth of its maidens to be anathema at the 'slave-oligarchy?' Will not some one-an ex-deacon chiefs in a political union of the North would answer-yell out a good round shriek for freedom, somebody! only mind that it be a shriek for freedom

or a nigger." There is no such paper as the Independent published at Jauesville, and never has been, and we have never seen such an account as the above, given by any Wisconsin paper. The story, in its details, is undoubtedly a coinage of some mischievous brain.

These girls agreed to pay in services ten dollars as part of their passage money to the West, on condition of having employment and homes. It was a voluntary contract by which they were greatly benefitted. They are taken into service at stipulated wages, which they are to receive, deducting ten dollars from the amount of their earnings. The editor who can see no distinction between the condition of these girls and slaves sold at auction, is just fit to be the tool and lick-spittle of the South, and to intimate that these girls became the inmates of brothels at Janesville .with Southern harems, as with Northern brothels. But possibly he may be merely ambitious to earn the appointment of Post-Master.

Purchase of Sonora by the Government.

From a private letter just received rom New York we make the following important extract.-The writer is a Californian, and doubtless speaks by the card:

"There are parties of influence from California and Arazonia now at washington, urging the purchase by our government of the State of Sonora, gotiations are now progressing with lars address, at Cleveland, that view. I know that Mexico has 17 ly M. A. KING, Secretary. proposed to sell, for that country is no use to her, it being overrun by the Apache and other Indians, who are a terror to the inhabitants; and, how ever the troubles now existing in that distracted republic may terminate, at all, will need and must have money. The parties urging this matter want Guymas for a port of entry, and with-out it Arazonia and the adjacent country will be of comparatively little value. They expect to get as far down as the 28th parallel, taking in

a part of Singola,"

From Cottonwood Falls.

We extract the following from a private letter just received by Gideon Elias, Esq., dated Cottonwood Falls, Kanzas, Feb. 11, 1858.

"There are upwards of 400 Kaw Indians within a mile of the Falls.
